EXPERIENCE

Website Administrator / Developer – Dalmazio Design

August 2023 - Present

- Created a custom Product Information Management (PIM) system to streamline and automate the company's product data management processes.
- Integrated the PIM system with various data sources from several vendors.
- Initiated the transformation of the outdated e-commerce site by introducing modern, dynamic features to enhance user experience, boost engagement, and drive sales growth.

Freelance Web Developer – Self-Employed

January 2023 - August 2023

- Crafted a portfolio website that directly contributed to a client securing a job opportunity.
- Engineered a new backend system for presenting the client's company information, enabling convenient mobile updates.
- View my portfolio projects at alanvalerio.com.

Website Manager / Graphic Designer – Franja Liquors

September 2020 - August 2023

- Established Franja Liquors' Google Business Profile and produced promotional materials.
 - Transformed the company's logo into a vector format suitable for commercial applications.
 - Redesigned and developed the company's website using HTML, CSS, and Javascript.
- (The website can be viewed [here](#))

Product Flow Specialist – Best Buy

November 2022 - January 2023 (Seasonal)

- Orchestrated product movement within the store, ensuring smooth operations.
 - Prepared products for shipment, restocked shelves, and processed online orders.
 - Thrived in a fast-paced, team-oriented environment during my tenure at Best Buy.
-

EDUCATION

Brooklyn School for Social Justice – 2020 - 2021
